How to go your destination?

- ① Find where you are and closest bus stop and make sure which bus stop is nearest by your destination on the bus map.
- ② Find the mutual numbers written in both stops of your starting point and destination.
- ③ For example, you are now at "Shijo-Omiya 四条大宮 " and heading to "Gion 祇園 ", and mutual bus numbers are 46 / 201 / 203 / 206 / 207.
- ④ Make sure which bus (number) is going to destination in the shortest distance.
- ⑤ Number 46 / 201 / 203 and 207 is shown on the shortest distance, but 206 is not on the line. It means bus 206 still go through "Gion 祇園 " but not in the shortest distance.
- ⑥ **You can take buses of same numbers in your way back to "Shijo-Omiya 四条大宮 " from "Gion 祇園 ".**
